

Dear LeeAnn;

Just a note to tell you how well Miss Jackie is doing! She's dealing with bad 'ol garbage truck tremendously better. This morning she was outside in the front yard with me when the bad 'ol truck came by. She could have run into the house, but didn't!

AND, she is becoming known as 'the friendly little dog" - contrasted to her previous shy demeanor.

She's doing very well coming to my whistle when she gets out of my sight on the trail. Yesterday she had a ball 'herding' a dog - and she's quite good at it! She had him so intimidated that I had to step in.

I would say that this is a definite success story.

thanks again,

K Hartman
