

We got our beautiful dog from you about 5-6 months ago. She looks a little like a fox terrier and you had kept her for awhile. She has one bad habit still but we are trying to work out exactly where she goes potty when she's upset with us. (we left her alone probably) She's a very loving, exciting dog. Thank you for what you did for her and all the other dogs also. Hope that you can see the picture.

I'm not sure where this will take me but I could be a foster friend for a smallish dog if you ever need help.
